Entry Requirements

UK, Commonwealth citizens, US and Canadian citizens do not need visas. All other nationalities do. However, as things can change at a moments notice we strongly recommend that you check with your nearest Jamaican Consulate or Jamaican Tourist Board Office before making your arrangements. All visitors must have a valid return or onward journey ticket in their possession at the time of entry into Jamaica. We cannot stress this last point enough, people can be refused entry if they don't comply with this requirement.

Medical Facilities

There are Drug Stores (Pharmacies) island wide selling international brand name pharmaceuticals. But some drugs you may be able to buy off the shelf at home, may require a prescription in Jamaica. So its best to take your favourite off the shelf products with you, and of course a good supply of any essential prescription medication. There are lots of Clinics and Hospitals, many Hotels either have a Nurse or Doctor on call or will refer you to a practioner.

Money, Banking & Shopping

Currency

The Jamaican Dollar (JA\$) is the official currency. The rate fluctuates for the current rate check (<http://www.greenwichmeantime.com/time-zone/caribbean/jamaica/currency.htm>) US Dollars are also widely accepted and in resorts prices are often quoted in both Jamaican and US Dollars. For a currency converter, please see www.xe.com/ucc

Banking

There are branches of Commercial Banks all over the island. Hours are generally Mon to Thurs 9am to 2pm and Fri 9am to 4pm, hours vary slightly for different Banks. There are lots of Foreign Exchange Bureaus too, often with slightly longer opening hours.

Credit Cards

All major cards are accepted (MasterCard & Visa more widely). Few banks and bureaux will give cash advances on credit cards; you'll frequently be referred to the nearest ATM.

Money Transfer Services

There are lots of Western Union Bureaus all over the island. So if you run short of cash ask your nearest and dearest to wire some money over, you'll need ID such as a passport or a Drivers Licence (photo id ones only) before you can claim your cash. They tend to keep normal opening hours - Monday to Saturday, 9am to 5pm, though times may vary slightly from place to place.

Shopping

Arts and crafts, clothing, ornaments, bags, gold and silver jewelry, Rum, Liquers, Blue Mountain Coffee, Perfumes, the lot. Montego Bay and Ocho Rios both have a number of Duty Free shops. In major resort areas there are dedicated Arts and Crafts markets selling a wide range of goods. These can be fun but also a nerve racking experience as you'll be surrounded by lots of traders who all want you to come and see their goods for which you'll get 'a special price'. You're expected to barter or haggle over the price a little. A good rule of thumb is to try to agree a price that's about 75% of the original price quoted. Experts (you'll need a lot of patience and time to achieve this elevated status) may be able to get bigger reductions. A word of warning, don't haggle if you're not really interested in buying, as it's considered rude.

Tipping

If you've received good service do feel free to tip (10 to 15%). A lot of people are on low incomes and tips are appreciated.
